

SEAN WOTHERSPOON X VESPA

SEAN WOTHERSPOON X VESPA

Vespa has always been synonymous with innovation and proves this once again as it rides the wave of the one of the biggest current trends, streetwear. A collaboration with designer Sean Wotherspoon, one of the world's most influential players when it comes to street culture, has led to the creation of Vespa Primavera Sean Wotherspoon, a special, limited edition that unleashes the creative energy resulting from this partnership.

- Chromatic explosion in full '80s style.
- Body entirely in steel.
- Light brown ribbed velvet corduroy seat with Sean Wotherspoon trim and logo embroidered on the left side.
- White inserts such as the front "necktie", the profiling of the Vespa silhouette and the wheel rims.
- Chromium finish for headlight frame, luggage rack and passenger grab handle.

Sean Wotherspoon is one of the rising stars of youth fashion in the United States. He is pure energy, unstoppably curious, ahead of the times, an experimenter and a fanatic of street culture and of everything it can encompass, street, fashion and colours.
